IBAA comment responses 10-6-15 FINAL.PDF

John, here are Republic's response (complete) to our comments from IB analysis. In their previous responses (radon flux related only) they answered 5d and 5L). The rest of your comments were 2-4, 5a-5c, 5e-5k. Please give them a back check and see if they are sufficiently responsive.

Thanks and have a great weekend.

Subject: Responses to Comments on the IBAA

Brad,

Attached are responses to the various agencies' comments on the Isolation Barrier Alternatives Analysis (IBAA). Please note that Bridgeton Landfill has identified Attachment C: The Expanded Heat Removal Pilot Study Initial Report as Trade Secret-Confidential Information.

Please contact me if you have any questions or would like to discuss the responses to comments or any other aspect of the work at the site.
